**Qualifying:**

Drivers will draw for assignments of heat-race groups. Heat-race groups will hot lap together. Hot laps will be timed. Heat starting positions will be determined by hot lap times with an invert of the redraw positions: if the redraw is four (4), the fastest driver in each hot lap group will start fourth, with the fourth-fastest starting on the pole. Remaining starting positions will be "head's-up" based on time. Top finishers from the heat races (8 laps) transfer to the redraw. The remainder of heat-race qualifiers go directly to the features. Consolations (8 laps) and provisional starters will set the remainder of the field. The highest two drivers in current 2025 STSS Modified North Region points unable to qualify will be added as provisional starters (*half green money*). Orange County Fair Speedway reserves the right to add the highest driver in current speedway points unable to qualify as a provisional starter (*relinquish green money*).
